TO ALL INTERESTED PROPOSING PARTIES:

Pursuant to the Rules and Regulations of the Boy Scouts of America, the Sea Scouts organization is an affiliate program of the Boy Scouts designed to provide character and leadership development opportunities in a maritime setting to young men and women 13 years of age and have completed the eighth grade, or be 14 years of age or older, and not yet 21 years of age.

We have enjoyed a longstanding relationship with the County of Orange and its Board of Supervisors, and have been present at the Dana Point Harbor Sailing and Events Center ("Center") facility since its opening. We intend to continue our program and continue using the facility at the harbor going forward and would appreciate if you would reach out to our organization so that we may further discover opportunities for coordination and ensure our operations will be honored in your proposed operational plan for the Center.

We will, in turn, coordinate with the non-profit benefit corporation, named the South Coast Sailing Team, which has been set up to promote and support the Sea Scouts programs and its vessels.

All proposers are invited to contact:
