

Dana West Marina's

HARBOR HIGHLIGHTS

JULY 2018

FOURTH OF JULY 2018 - IMPORTANT INFORMATION

Here is everything you need to know if you are planning to visit your boat on July 4, 2018:

- ◆ **NO GUEST PARKING WILL BE AVAILABLE IN THE BOATER PARKING LOTS ON JULY 4TH.** Please tell your friends to park at Dana Hills High School and use the shuttle / trolley service to get to your boat. Uber, Lyft and taxi drop off will be permitted outside the marina parking lots.
- ◆ Slip Licensees will be required to have a marina issued parking sticker adhered to their windshield **AND** a parking lot access card or fob. **Access will be limited to a maximum of two cars per slip and restricted to slip Licensees only.** Licensees will be checked off by gate attendant using name/slip number.
- ◆ **We anticipate the parking lots will fill to capacity by 10 AM.** We recommend you arrive early and stay put.
- ◆ Once the lots are full, they will be closed and no one will be admitted.
- ◆ Once the parking lots are closed, vehicles will not be permitted into the lot for any reason including drop off. **A golf cart shuttle will be available to assist with getting folks to their desired gangway.**
- ◆ **A shuttle will be available from Dana Hills High School to the harbor from 10 am to 11 pm. The shuttle will drop off at the corner of Dana Point Harbor Drive & Golden Lantern. Guests can then take the intra-harbor trolley to get to locations throughout the harbor. See reverse for trolley stops.**
- ◆ **Traffic controls will be in place prohibiting left turns on Dana Point Harbor Drive.** This may require you to pass your turn and loop back around. Be patient.
- ◆ No water balloons, fireworks or barbeques are permitted on the docks.
- ◆ Please return dock carts to the head of the gangway so they are easily available for your dock neighbors.
- ◆ The firework show starts at 9 PM and ends at 9:20 PM. **Expect heavy traffic getting off the island and out of the harbor following the fireworks.**

Please be courteous to the parking lot attendants and respectful of your boat neighbors.

Have a safe and happy Independence Day!

MARINA OIL RECYCLING

Did you know dumping hazardous wastes on the ground, tossing them in the trash and pouring them down storm sewers and drains is illegal? Sadly, each year, **an estimated 200 million gallons of used motor oil is improperly disposed of in those ways!** Oily rags and saturated absorbents are also considered hazardous wastes and often not disposed of properly either.

Our concern for the environment and desire to be a responsible marina are two reasons Dana West Marina has oil and oil filter recycling available on our property. We also accept antifreeze and we offer free bilge pads in exchange for your used ones. **If you need to recycle your used oil, oil filters, oily rags or antifreeze, stop by the marina office during office hours to let us know what you will be recycling and we will provide access to our collection facility.**

**JULY 4, 2018
