Sea Lions

Please make sure to read the enclosed insert from the NOAA Fisheries West Coast Region for approved methods of deterrence when encountering Pacific harbor seals and California sea lions.

The Marina office will continue our efforts to do everything possible to help deter the sea lions from the docks. If you are having sea lion issues near your boat/slip, please contact the Marina office.

Turkey Trot

Each Thanksgiving Day, The Turkey Trot returns to beautiful Dana Point Harbor, where participants wobble before they gobble! The panoramic and scenic race features a 10k, 5k and the Kids Gobble Wobble, and gives participants an excuse to eat that extra slice of pie!

Friendly Reminders

- **Parking Gate Reminder** - Occasionally guests or vendors of slip renters become confused at the security parking gates and subsequently receive severe tire damage. If you have guests/vendors coming in, it is recommended that you:
 1. Warn guest not to tailgate or attempt to sneak in or they might receive severe tire damage.
 2. Always follow the posted parking instructions.
 3. Give your guests your cell number so that you can meet them at the gate. They can park to the side and it makes it much easier.
- Thanks to all of our boating customers for their cooperation in our fall dock clean up. It is greatly appreciated!
- Please be sure to shut off your water spigots after use. Even if the hose has an automatic shut off nozzle, pressure will build up and leak, wasting water and causing dock components to decay more rapidly.
- Please remember that fishing, and cleaning fish / cutting bait, is prohibited in the marina. It tends to attract sea lions and birds...your neighbors on the dock will thank you!
