COASTAL CLEANUP DAY

WATER CONSERVATION

California continues to suffer from a serious drought. As we make efforts to do our part to save and conserve water usage; we encourage you to do the same. Here are just a few ways you can help us conserve water while visiting your boat or using the facilities:

- ◆ Hose nozzles are required when using a hose on the docks. South Coast Water District has provided the marina office with a limited number of hose nozzles to give away to boaters for FREE. If you don't have a nozzle on your hose, please come to the marina office and get a free one while supplies last.
- ◆ Use a bucket and scrub brush when washing your boat and a quick hose rinse at the end.
- ◆ Limit showers to five minutes and turn off the water while soaping and shaving.
- ◆ If you detect a leak on the docks, facilities or in the restrooms, report it immediately to the marina office (949) 493-6222.

THANK YOU FOR DOING YOUR PART!

Please keep your dog on a leash while on the docks and public property. Dogs off leash are not only a violation of Marina Rules & Regulations but are also a violation of Orange County's Animal Law. Thank you for your cooperation.
