

BOATER NOTICE

Earth Day, Tuesday April 22, 2014 California's Boating Clean and Green Program

Earth Day serves as a reminder to California's recreational boating community about the importance of keeping oceans clean not only on this day, but year-round.

The website for California's Boating Clean and Green Program offers several educational resources on clean boating, sewage pump-out locations, fishing line recycling stations, how to properly dispose of recreational vessels and so much more.

The Boating Clean and Green Program is an education and outreach program conducted through the California State Parks Division of Boating and Waterways and the California Coastal Commission. The program promotes environmentally-sound boating practices to marine businesses and boaters.

For more information about Earth Day and the Boating Clean and Green Program, please check out www.BoatingCleanAndGreen.com
