Dana Point Boaters Association General Meeting  
Live Online – May 24, 2023 – 6:30 pm

**Dana Point, California:** Dana Point Boaters Association (DPBA), a leading advocate for boating enthusiasts in Dana Point, California, is excited to announce a groundbreaking initiative that empowers boaters to have their voices heard. DPBA is hosting its inaugural live online meeting, streamed on its official YouTube and Facebook channels. This interactive event aims to foster an open and transparent dialogue where boaters can directly engage with DPBA representatives and express their opinions, ensuring their concerns are heard and addressed.

“The DPBA team is thrilled to connect with the boating community, provide important updates, and address any questions or concerns they may have,” says Anne Eubanks, the dedicated President of DPBA. “Our commitment to boaters goes beyond this single event. We are introducing a series of quarterly meetings to ensure that we stay connected with the community, actively respond to their needs, and work together to impact the boating landscape positively.”

Benefits to boaters and harbor enthusiasts include:

- Access to accurate and timely information regarding the ongoing harbor revitalization efforts, keeping boaters informed about the progress and developments.
- Updates on the pending class-action lawsuit ensure boaters stay updated with the latest legal proceedings and their potential impact.
- Inspiring ideas and actionable steps boaters can take to contribute meaningfully to shape the future of Dana Point Harbor while empowering them to participate in decision-making processes.

Mark your calendars for the highly anticipated DPBA General Meeting on May 24, 2023, at 6:30 pm. The event is a prime opportunity to engage with fellow boaters and harbor enthusiasts. **About DPBA:** The Dana Point Boaters Association (DPBA) is the leading advocate for recreational boating and the cherished Dana Point Harbor. While the Association addresses various issues affecting boaters in the harbor, our primary focus is on the County of Orange’s “Dana Point Harbor Revitalization Plan.” We unite boaters & non-boaters who are passionate about promoting, developing, and implementing the best possible revitalization plan for Dana Point Harbor. By collaborating with key stakeholders, including government agencies like the County Board of Supervisors, OC Parks, City of Dana Point, Department of Boating and Waterways, South Coast Water District, and the California Coastal Commission, we ensure that all boaters’ needs, wants, and ideas are heard and acted upon. Together, we are positively impacting the harbor’s future for the next 50 years.
